## 15th Reunion of 1970

The Form of 1970 Fifteenth Reunion was a gala affair attended by members of the Form from all walks of life and all corners of the country.

The weekend started at a leisurely pace on Friday evening with many people arriving late due to travel schedules and business commitments. The early arrivals meandered from our home base at the Manchester Holiday Inn West to campus for nostalgic activities of many types, and then into Concord for some "Za." Truly a déjà vu!

The pace picked up on Saturday morning with no less than 22 form

members (and robust families!) making the scene for the alumni parade, luncheon in the Cage (resurfaced, thank goodness!), and the Form photo.

From this point on form members went in different directions to "review" the School, see the boat races, play tennis, etc., ultimately to rendezvous at the Lower School Grounds for a super stickball game, won indisputably by Del's team over Stick's team 12-9.

Then it was off to Manchester for a dynamite evening of dining and dancing and general trashing. Many thanks are extended to "Frankie's Still in Con-

cord" for providing the entertainment and to The Millyard for providing the "rolls" by which Alec Haverstick was heartily welcomed into his role of new form director by all in attendance.

Finally it was back to Hotel where a "conference room" was set up to allow us to contact less fortunate form members in New Orleans, Houston, San Francisco, Ukiah, etc., who were unable to be with us in person.

Sunday happened all too fast, and we left.
